Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Personalisation

- Turn the new C-Class into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

Mercedes me connect Stay connected any time, anywhere.

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Retailer or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Additional information

Plug-in Hybrid Electric Vehicle (PHEV) Benefits of driving a plug-in hybrid.

Our plug-in hybrids feature either a petrol or diesel powertrain, combined with a High Voltage battery and electric motor. Enjoy hybrid mode for maximum efficiency, or all-electric mode for local emission-free driving.

Lower running costs

Did you know that electric cars could cost up to a third less than a diesel or petrol car to run, as well as being cheaper to maintain? We've partnered with Go Ultra Low, a joint Government and car industry campaign, to give you unbiased advice on making the switch to an electric car. Use Go Ultra Low's cost saving calculator to see how much you can save.¹

[Discover more](#)

Lower road fund license

Plug-in hybrid vehicles have lower emissions - this means you pay less for road tax.

Cleaner vehicle discount

Plug-in hybrid models qualify for the 100% cleaner vehicle discount within the London Congestion Charge zone.

Business benefits

With 100% first-year capital allowances² and lower Company Car tax, electric cars offer significant benefits to businesses and employees.

[Click here for more information](#)

¹Please note that by clicking below you will be directed to the Go Ultra website ²100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

Plug-in Hybrid Electric Vehicle (PHEV) The C 300 e.

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source. With CO₂ emissions of 13 g/km or less, the C 300 e Plug-in Hybrid is an environmentally conscious choice of driving.

C 300 e

Petrol – 1,999 cc, 4-cylinder, 204 hp/150 kW
Electric motor – 129 hp/95 kW

Available as:

AMG Line, AMG Line Premium and AMG Line Premium Plus

Saloon OTR from **£46,310¹**

Estate OTR from **£53,160¹**

Standard equipment

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is basically deactivated since wind and tyre noise tend to dominate at higher speeds

Charging cable – Mode 3 cable (5 metres, straight) for wallbox and public charging stations

Charging socket

Charging system – AC charging system rated at 11 kW

Comfort suspension

Pre-entry climate control

Radar-based recuperation

Remote and Charging Services Plus

Technical details

Equivalent All-Electric Range (EAER) ²	Saloon: 68 miles Estate: 65 miles
AC charging time, 10–100% ^{3,4}	2 hrs
Range power consumption, combined ^{2,5}	Saloon: tba kWh/100 km Estate: tba kWh/100 km
Battery type (usable)	lithium-ion (25.4 kWh)
Capacity on-board charger	AC 11 kW

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase) ⁴If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord) ⁵The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency

Mercedes me Charge Tariffs

Mercedes *me*

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Mercedes-EQ model will be entitled to the Mercedes me Charge tariff M free of charge for the duration of 12 months.

Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.30/kWh; DC: £0.39/kWh)¹
- IONITY rapid-charging stations discounted (£0.26/kWh)

£16.20/month

Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.35/kWh; DC: £0.45/kWh)¹
- IONITY rapid-charging stations discounted (£0.45/kWh)

Free of charge for the duration of 12 months.

Thereafter:

£4.90/month

Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

£0/month

¹Tariff rate excludes the BP Pulse charging network

Home charging with bp pulse Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with bp pulse: £999* incl. VAT and standard installation

Key benefits of bp pulse:

bp pulse is one of the only full-service charging solution providers in the UK – producing and installing tens of thousands of their own smart-enabled and reliable Homecharge units across the country.

A comprehensive 3 year warranty.

The standard installation package includes up to 15m of external cabling.

It comes with a bundled offer of 3 month free subscription to the public network and 250 free miles of charge.

The bp pulse home unit is designed from the ground up to be user friendly, future proofed and feature packed with an exciting roadmap of over the air updates ahead.

The bp pulse public network consists of over 9,000 charging bays across the UK. Average costs are between £0.30–£0.55 per kW across fast, rapid and ultra-rapid charge points with the best rates on a subscription basis.

Choice of tethered or un-tethered units

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Retailer.

Questions?

Please contact your local Retailer to submit an enquiry to your chosen charging partner on your behalf. To find your local Retailer, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with Pod Point: £875* incl. VAT and standard installation

Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Retailer.

Questions?

Please contact your local Retailer to submit an enquiry to your chosen charging partner on your behalf. To find your local Retailer, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). Driving Assistance package Plus

The Driving Assistance package Plus contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

Driving Assistance package Plus (code PFA) – designed and priced as a package, including items listed below.

AMG Line Premium Plus only

Total incl. VAT £1,695.00

Active Blind Spot Assist

Active Distance Assist DISTRONIC

Active Lane-Keeping Assist

Active Blind Spot Assist

Active Brake Assist with vehicle, bike and pedestrian detection

Active Distance Assist DISTRONIC

Active Emergency Stop Assist active when lane markings are detected, independently of DISTRONIC

Active Lane Change Assist

Active Lane Keeping Assist

Active Speed Limit Assist

Active Stop-and-Go Assist

Active Steering Assist with hands-off warning

Congestion emergency braking function

Cornering and Cross-Traffic Function

Emergency corridor function

Exit warning function when hand moves towards the door handles

Evasive Steering Assist with bike, pedestrian and end of traffic jam detection

Extended automatic restart function on motorways

PRE-SAFE® Impulse Side

Route-based speed adaptation with end of traffic jam function

Traffic Sign Assist

Turning manoeuvre function

Warning of red lights, stop signs, pedestrian crossings and no-entry restrictions

Trailer coupling with ESP® trailer stabilisation

Trailer coupling with ESP® trailer stabilisation (code 550)

**Available on AMG Line Premium and
AMG Line Premium Plus Estate models only**

Total incl. VAT £750.00

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your C-Class.

Stowage crate

The robust plastic stowage box creates organisation in the boot space, and provides a secure hold for items which are prone to tip over or slide around. The stowage crate can be divided into two sections using the enclosed rigid dividing panel. Capacity: 51 litres. (A0008140400)

DUO plus child seat, with ISOFIX

Safe and secure: children between the ages of 9 months and 4 years (weight 9 to 18 kg) will enjoy travelling in the 'DUO plus' child seat from Mercedes-Benz. The seat offers optimum protection in the event of an accident. A quick change of position: sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. (A0009704302)

KIDFIX XP child seat, with ISOFIX

Support and safety for older children too: The KIDFIX XP child seat is suitable for children between the ages of 3.5 to 12 years (body weight of 15–36 kg). It is securely attached to the vehicle using ISOFIX. The front-facing seat can also be secured in place using the 3-point seat belt. (A0009704902)

Coolbox

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. Thanks to its extra thick insulation it can cool up to 5°C, but a max. of 20°C under the outside temperature. It fits perfectly into your Mercedes-Benz vehicle and holds 13 litres. (A0008205409)

Velour floor mats CLASSIC, set, 4-piece, All-Terrain – Estate only

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. The mats are precision-tailored to your Mercedes-Benz. Can be clip-fastened to the floor of the vehicle to prevent slipping. Elegant, high-quality tufted velour mat with embroidered ALL-TERRAIN label. (A20668007029J74)

Velour floor mats CLASSIC, set, 4-piece – Saloon only

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. The mats are precision-tailored to your Mercedes-Benz. Can be clip-fastened to the floor of the vehicle to prevent slipping. Elegant, high-quality tufted velour mats with embroidered Mercedes-Benz label. (A20668023059J74)

Reversible mat, precision fit – Estate only

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. This mat is hard-wearing, made from 100% polyester and boasts dual use as it is double-sided. The rubberised and non-slip side minimises slipping of goods. The soft velour side protects the luggage-compartment floor against moisture and dirt. And if anything should go wrong, it is easy to clean with warm water. (A2066803404)

Rear spoiler, Carbon-Style – Saloon only

Discreet spoiler, fitted to the boot lid, subtly accentuating the rear contours. The rear spoiler in realistic Carbon-Style with individual, dynamic 3D-effect underlines the character of the vehicle. Fitted using double-sided adhesive tape. No entry in vehicle documents required. (A2067930200)

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase) ⁵If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate all other diesel (£) ¹	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles

¹Applies to all Mercedes-Benz diesel models which do not comply with RDE (Real Driving Emissions) Step 2 Certified (Euro 6d)

²Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your C-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[› Click here for more information](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover³. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Retailer. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[› Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Retailers ²Subject to full Terms and Conditions, dependent on date of registration, available upon request
³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
