Škoda Scala

Effective: 20th June 2022

The SCALA strikes just the right balance between boldly new and timeless. Its taut, sophisticated five-door profile encompasses a host of unique new features and intuitive technology. Sporty, generously spacious and versatile, it adapts to go wherever life takes you. Unmistakably ŠKODA yet fresh from bumper to bumper, the SCALA moves you seamlessly into the next era.

Models shown are not UK specification. Some of the equipment shown is optional.

STRIKINGLY VERSATILE

You know it's a ŠKODA because of the iconic styling cues. But with the SCALA, a stronger, sharper shoulder line, sleeker LED headlights and a deep lower grille mark new territory. The ŠKODA name is positioned proudly across the boot, while the dimensions combine stability, safety and space efficiency. In the SCALA, substance and style live happily together.

EXTENDED TAILGATE GLASS

Personalise your SCALA by extending the tailgate glass down beyond the lettering.

PANORAMIC ROOF

Enhance your travel experience by lighting up the interior and, on sunny days, prevent dazzling passengers with the electric sun blind. From the outside, every inch of the roof is covered with the black design detailing.

FULL LED HEADLIGHTS

These LED headlights use diode technology and incorporate dynamic headlight range control, cornering and side lights. The lights also feature another interesting detail - the ŠKODA CRYSTAL LIGHTING inscription - in reference to the tradition of Bohemian glass-making, which is an important element in the design of ŠKODA cars.

Models shown are not UK specification. Some of the equipment shown is optional.

INNER STRENGTHS

The inside story is inspiring. Bright, airy, spacious and a quality feel are ŠKODA trademarks, but there is much more to explore. New tactile trim and materials are complemented by next-generation driver assistance, comfort and safety systems – while ambient lighting creates a subtle welcome. Once inside, the Virtual Cockpit incorporates a host of online services, extra functionality and plenty of scope for personalisation. More than ever, this is your space.

Models shown are not UK specification. Some of the equipment shown is optional.

VIRTUAL COCKPIT

10.25" digital display replaces the traditional instrument dials and can be customised with five views (Classic, Basic, Extended, Modern and Sport).

AMBIENT LIGHTING

Tailor your space to be more comfortable with subtle ambient lighting running along the dashboard.

CLIMATE CONTROL AIR CONDITIONING

Whether keeping you cool in the summer or cosy in the winter, this electronic system provides year-round comfort. It's also fitted with a humidity sensor to reduce windscreen misting.

REAR PASSENGER COMFORT

The knee and head room in the rear is exceptional, and includes heated rear seats that are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable convenient universal media charging.

EAGER AND EFFICIENT

Every option in the SCALA engine range brings you a balance of strengths and you'll enjoy refined accessible power and real efficiency.

DRIVE MODE SELECT

Allows you to select the car's parameters and behaviour featuring Normal, Sport and Eco mode, plus Individual mode to truly meet all your needs.

DIRECT SHIFT GEARBOX (DSG)

The seven-speed DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

SPORT CHASSIS CONTROL

A system of adjustable shock absorbers to improve ride and handling. With Normal mode for everyday travelling and long journeys, and Sport mode which improves the road grip in more dynamic driving conditions.

Models shown are not UK specification. Some of the equipment shown is optional.

THE WORLD AT YOUR FINGERTIPS

Connectivity shouldn't stand still – it should go wherever you go. With ŠKODA Connect you're fully online all the time, with easy access to a world of entertainment, useful information and 24/7 assistance. Making the best use of your connectivity is simple, with touch or gesture. Everything helps to forge an even closer bond between driver and car.

STAY CONNECTED

The new ŠKODA Connect system turns the SCALA into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. [Click here to go to ŠKODA Connect.](#)

SMARTLINK

From taking calls to switching between your favourite playlists, SmartLink enables you to safely use your smartphone through the infotainment system.

NAVIGATION SYSTEM

The Amundsen satellite navigation system with 9.2" colour touchscreen display will happily get you from A to B, but why stop there? With its Bluetooth®, DAB and SmartLink capability, it offers more connectivity on the go.

INFOTAINMENT

The SCALA features the latest generation of infotainment system offering greater connectivity and personalisation than any other ŠKODA, allowing you to set your favourites for easy access every time.

Images shown may not be UK specification. Some of the equipment shown is optional.

ELECTRICALLY OPERATED BOOT

The boot can be opened and closed at will with a quick touch of a button on the remote control or in the driver's door. A button for closing the boot is also located on the boot door itself.

IT'S ALL IN THE DETAIL

Thoughtful, simple details count. So we've added a whole host of them to the SCALA. These are the features that make everyday trips and longer journeys effortless. There are lots of optional touches to choose from too – covering entertainment, communication, storage and much more.

UMBRELLA STORAGE

A spot of rain will never dampen your spirits again thanks to the umbrella located in the driver's door.

ICE SCRAPER

Mounted out of sight inside the fuel cap, this handy ice scraper is ideal for those frosty mornings.

REAR-VIEW CAMERA

Hidden under the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

ELECTRICALLY FOLDING TOW BAR

Activated by a switch in the boot, the KAROQ's foldable tow bar ensures it is safely hidden when not required.

Models shown are not UK specification. Some of the equipment shown is optional.

SAFE TO THE CORE

The safety of you and your passengers is built into every part of the SCALA. It starts at the very heart of the car – with a strong, rigid body, a finely tuned chassis and carefully designed crumple zones. We’ve added a range of clever electronic features and advanced driver assistance technology, so everyone on-board enjoys reassuringly advanced protection.

HIDDEN PROTECTION

Cleverly concealed under the steering wheel column, the knee airbag is designed to protect your joints and shins in the event of a collision. This ingenious safety feature is available as an option on SE and SE L models.

AUTO LIGHT ASSIST

Automatically turns the full beam on and off depending on the current lighting conditions and traffic.

ADAPTIVE CRUISE CONTROL

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

REAR PARKING SENSORS

The sensors integrated in the rear bumper monitor the car’s distance from any obstacles. Acoustic and visual signals are activated when parking or prompted by the driver.

LANE ASSIST

This system is designed to keep the vehicle in its lane and, if necessary, alert the driver of an unwanted lane change.

Pricing valid as of 1st April 2022.

* The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2022. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2022.

** Available from stock only.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

YOUR SCALA, YOUR WAY

From stylish extras that make ordinary trips feel extraordinary, to practical touches that ensure nothing gets left behind, it's your call to make.

USB C ADAPTOR
Enables you to connect your phone via USB A. Designed to be small and compact, this USB C adaptor can be used for both data transfer and charging.

LOCKABLE BICYCLE RACK
Have no excuse not to get out and ride. Our lockable bicycle rack provides a secure way of transporting your bike from A to B.

ROOF RACK
Designed to perfectly fit your ŠKODA, the roof rack maximises space when you need it most. Features a secure locking mechanism and two keys.

NEXTBASE 522GW DASH CAM AND GO PACK
Recording in 1440p HD, the new Nextbase 522GW Dash Cam now packs even more features into the UK's most popular dash cam brand, including built-in Amazon Alexa, HD touchscreen and Intelligent park mode - which begins recording when any physical vehicle movement is detected, keeping your SCALA safe when parked.

PROTECTION PACK

Muddy boots. Sand-filled towels. Soggy bike gear. Escaping for adventure may be great for the soul, but it's far less kind on your interior. It's why we've created our Protection Pack, which includes front and rear mudflaps, double-sided boot liner and textile or rubber floor mats – all for a special pack price.

MUDFLAPS
Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

DOUBLE-SIDED BOOT LINER
No matter how mucky things get, it's good to know that there's a boot liner to match it. This clever liner comes with an all-weather texture on one side with a textile reverse. They're quick to fit and remove, and all come with a 5cm raised edge to keep in dirt and make mucky boots a thing of the past.

FLOOR MATS
These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won't slip around beneath your feet. They come in textile fabric but rubber versions are also available for the more outdoorsy types.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on SCALA SE 1.0 TSI 95PS		
P11D value		£19,660.00
Company car BiK tax based on CO ₂ emission level		28%
Taxable BiK (for 2022/2023 tax year):	28% of £19,660.00	£5,504.80
Annual company car tax (2022/23)		
20% income tax	20% of £5,504.80	£1,100.96
40% income tax	40% of £5,504.80	£2,201.92
Monthly company car tax (2022/23)		
20% income tax	£1,100.96 divided by 12 months	£91.75
40% income tax	£2,201.92 divided by 12 months	£183.49

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2022/2023.

ADDITIONAL INFORMATION

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

T&Cs apply. ŠKODA Financial Services.

ŠKODA Gap Insurance

What is ŠKODA Gap Insurance?

If your ŠKODA is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new ŠKODA or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

ŠKODA Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your ŠKODA or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, ŠKODA Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

ŠKODA Gap Insurance Plus

In addition to all the benefits of ŠKODA Gap Insurance, the ŠKODA Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, ŠKODA Gap Insurance will pay a fixed sum of £2,500.

Why choose us?

ŠKODA Gap Insurance gives you the financial protection your ŠKODA deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement ŠKODA.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about ŠKODA Gap Insurance, please speak to your nearest participating ŠKODA Retailer or go online www.insurewithskoda.co.uk/gap-insurance

ŠKODA Gap Insurance from ŠKODA Financial Services is administered by Car Care Plan Limited and underwritten by Motors Insurance Company Limited.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first two services for one payment of just £396 or 24 monthly payments of £16.50. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services. Pricing effective from 1st August 2020.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

Service intervals

When you order your SCALA, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Routine maintenance and servicing is not covered by the warranty. Incidental or consequential costs such as hotel charges, car hire, and loss of personal effects or income are not recoverable under the terms of the warranty.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at: skoda.co.uk/owners/accessories-and-merchandise

Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st June 2022. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see skoda.co.uk/owners/wltp-info or consult your Retailer.

ŠKODA UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen ŠKODA Retailer.
