INSPIRATION

IMPRESSIVE
EXPRESSIVE
UNMISTAKABLY X

EXTERIOR DESIGN

FOCUSED EXPRESSIVENESS FOR MAXIMUM VISIBILITY

Great personalities are characterised by a striking look. The dynamically contoured, hexagonal full-LED headlights with adaptive bend lighting lend the BMW X7 unique expressiveness. Visually highlighted by Blue accent clasps and the "BMW Laserlight" designation, the optional BMW Laserlights provide additional driving comfort with a range of up to 600m in high-beam mode.

A STATEMENT THAT ATTRACTS EVERYONE'S ATTENTION

The large, emphatically vertical Kidney grille forms the heart of the impressive front design. Its massive presence stands in charming contrast to the slim front headlights. Both Kidney grille elements are connected to form a monolithic unit – the largest double Kidney grille in the BMW range.

ELEGANT WHEEL DESIGN

At 22 inches, the optional light alloy Multi-spoke style 757 wheels, exclusively available for xDrive40i and xDrive40d models, are among the largest wheels in the portfolio and thus radiate an unmistakable presence when viewed from the side. Finished in Bicolour, they look particularly noble.

INTERIOR DESIGN

SIX-SEAT DESIGN

As well as pure driving luxury, the BMW X7 includes the option to configure the seats inside. As part of the optional six-seat design, Comfort seats become available for passengers in the second row and include cupholders, as well as seat and backrest adjustment. A separating net is also included for load protection.

ACTIVE SEAT VENTILATION FOR FRONT SEATS

Active seat ventilation for the front seats provides a cool and pleasant seat temperature resulting in a more comfortable driving experience. Applies to the seat base and backrest. Exclusively available as part of the optional Comfort Plus Pack and Ultimate Pack.

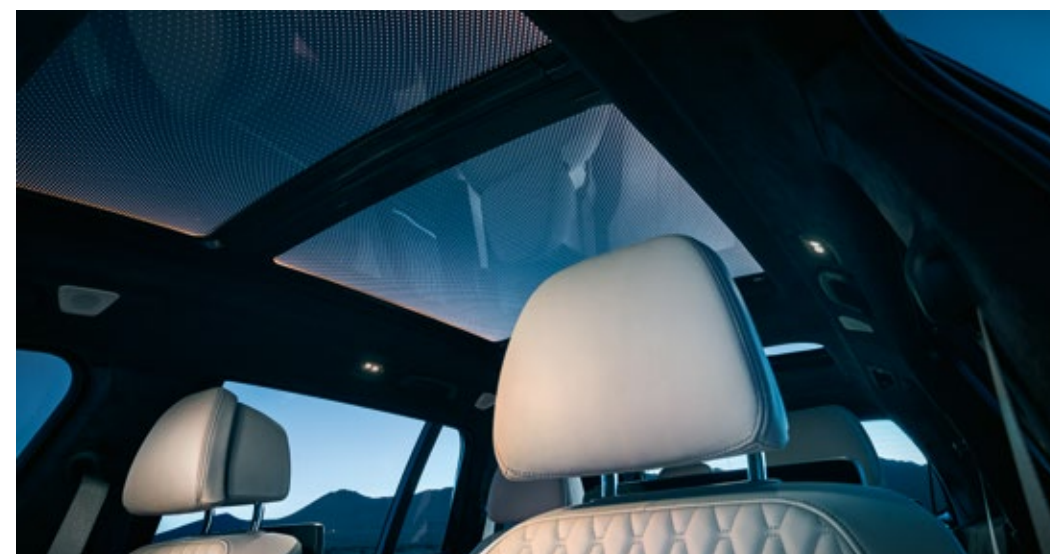

SPARKLING DESIGN DETAILS

The optional CraftedClarity glass application comprises elaborately hand-made design elements made of crystal glass that visibly and noticeably enhance the interior. The details of the gear selector, iDrive Controller and Start/Stop button are made of fine crystal glass. The gear selector also has an extravagant crystal glass that is crowned by a finely worked, illuminated 'X'. The interior of the vehicle is perfected in this very special way and at the same time underlines the high standards of its driver.

ILLUMINATED CABIN

Coupling the Sky Lounge Panoramic glass sunroof, available as optional equipment, with the standard Ambient Lighting allows dynamic light flow throughout the BMW X7 and creates an open sense of spaciousness and a luxurious atmosphere for any drive. This is the true luxury of travelling.

INNOVATION

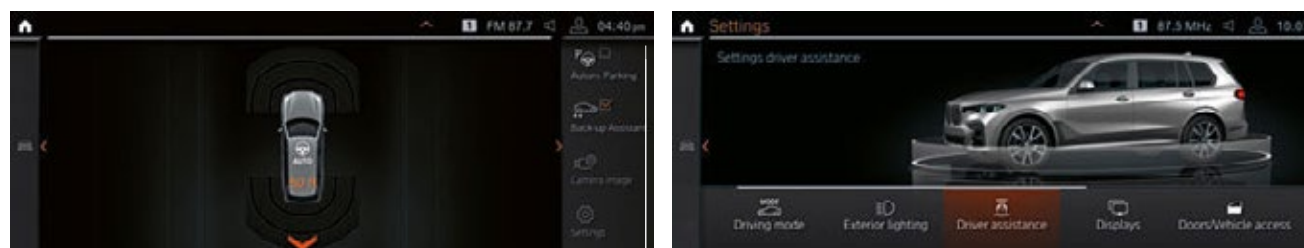

VISIONARY INTELLIGENCE

DRIVER ASSISTANCE HIGHLIGHTS

DRIVING ASSISTANT PROFESSIONAL

Offering optimum comfort and maximum safety, the optional Driving Assistant Professional supports you during critical or monotonous driving situations. Active Cruise Control with Stop&Go function, Approach control warning, Speed Limit Assist and further driving assistance systems are included. Exclusively available as part of the optional Technology Plus Pack and Ultimate Pack.

REVERSING ASSISTANT

Reversing Assistant saves the last 50m of a route made in forward travel at low speed so that it can be retracted if required. The driver is relieved of the steering work and can concentrate fully on monitoring the vehicle environment. The driver remains responsible for the linear guidance via accelerator and brake in order to avoid collisions with objects in the vehicle environment. Available as part of Parking Assistant Plus.

CROSSROADS WARNING WITH CITY BRAKING FUNCTION

Thanks to the Crossroads warning with city braking function, you can now feel supported in a range of driving eventualities. The function detects traffic lights, traffic signs and vehicles crossing to help avoid potential collisions. Exclusively available as part of the optional Technology Plus Pack and Ultimate Pack.

CONNECTIVITY AND INFOTAINMENT HIGHLIGHTS

BMW LIVE COCKPIT PROFESSIONAL

BMW Live Cockpit Professional with navigation function includes a high-quality display network consisting of a high resolution 12.3" Control Display and a fully digital 12.3" instrument display. The BMW Operating System 7.0 has variable, configurable widgets that display information in real-time.

ENHANCED BLUETOOTH WITH WIRELESS CHARGING

Enhanced Bluetooth with wireless charging offers a comprehensive telephony package with Bluetooth connectivity and the technical capacity for a WiFi hotspot. It includes an improved hands-free capability for the front passenger with the provision of a second microphone.

REAR-SEAT ENTERTAINMENT PROFESSIONAL

Rear-seat Entertainment Professional provides excellent entertainment for rear passengers thanks to two separate tilting 10.2" displays with touch function and Blu-ray drive. Additional USB connections and separate connections for MP3 players, smartphones, tablets and headphones (even wireless) are included. Operation can also be by remote control. Not available with the Travel & Comfort System. Available as part of the optional Entertainment Pack.

COMFORT AND FUNCTIONALITY HIGHLIGHTS

AUTOMATIC AIR CONDITIONING WITH FIVE-ZONE CONTROL

Thanks to the Automatic air conditioning with five-zone control, the temperature for the driver and front passenger, the left and right sides of the second row of seats as well as the third row of seats can be set independently of one another. Each fellow traveller can thus enjoy the most pleasant climate for him or her. Available as part of the optional Comfort Plus Pack and Ultimate Pack.

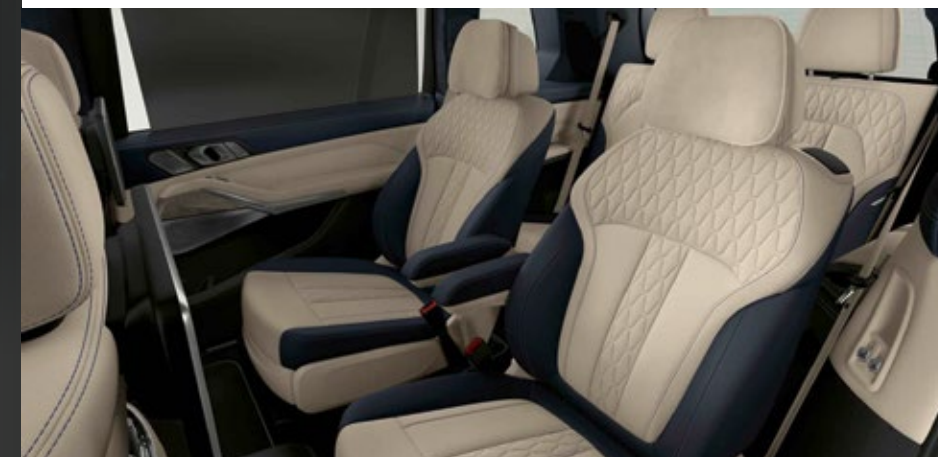

TEMPERATURE-CONTROLLED CUPHOLDERS

The heated or cooled temperate cupholders in the front centre console can be used individually. The temperature control is activated via buttons on the left and right with ambient lighting indicating blue for cooling or red for heating. Exclusively available as part of the optional Comfort Plus Pack and Ultimate Pack.

ROLLER SUNBLIND, REAR SIDE WINDOWS

Providing protection against sunlight, the roller sunblinds for the rear side windows can be retracted and extended electrically to offer an additional level of comfort for the rear seats. The roller sunblinds also offer an extra layer of privacy. Exclusively available as part of the optional Comfort Plus Pack and Ultimate Pack.

Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. The CO₂ figures have been determined according to the WLTP test. WLTP has been used as the applicable CO₂ figure from 1 April 2020 for first year vehicle tax (VED) and from 6 April 2020 for company car tax (BIK). The CO₂ figures were previously based on the NEDC equivalent. Insurance group figures refer to 50 Group Rating System.

BMW PAY MONTHLY SERVICING

SERVICING MADE SIMPLE

Planning for the road ahead has never been easier. With the BMW Pay Monthly Service Plan¹ you can remove the uncertainty often associated with car servicing costs by spreading them monthly, much like you would your household bills. Our Pay Monthly service plan covers two services and any unused credit can be transferred to another BMW if you decide to switch unexpectedly. As part of the Pay Monthly plan you will also receive a number of added extras including:

- Fluid top ups
- An MOT
- A Wash & Vac each time you visit
- Seasonal health checks
- Sat Nav Map updates

Get the quality service and parts you expect from BMW with a fixed monthly payment. Give your BMW the care and attention it deserves from the experts that made it.

Price: £30 per month for 36 months

Please contact your preferred BMW Centre for further information.

¹ = Participating BMW Centres only. Two services must be claimed within four years or 40,000 miles, whichever occurs soonest. Content correct at time of publishing. Prices subject to change.

BMW CONNECTED DRIVE SERVICES

GENERAL INFORMATION

BMW (UK) Ltd, Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereinafter referred to as "BMW") provides the customer with certain vehicle-related information and assistance functions (hereinafter called "Services") under the name of "BMW ConnectedDrive". BMW collects, stores or processes car-related data in compliance with applicable law and only to the extent necessary to provide the Services. BMW does not collect, store or process personal data in course of the Services – except where this is explicitly stated in the service description of the individual Services. In the case of Services that require personal data to be collected, stored and processed so that such Services can actually be provided, BMW informs customers of this in advance by providing this data protection notice. The Services are provided by means of a SIM card installed in the vehicle.

DEACTIVATION

You can have the BMW ConnectedDrive services deactivated through an authorised BMW centre, a BMW subsidiary or a BMW authorised workshop at any time. This also has the consequence that aspects of the emergency call in the vehicle as well as all remaining Services will no longer function.

You can additionally arrange for the remaining Services to be deactivated via "My BMW ConnectedDrive".

If the vehicle is equipped with the legally required EU Emergency Call (as from April 2018) a deactivation of the BMW ConnectedDrive basic services will not deactivate the vehicle's built-in SIM card. It has to remain active, so that the EU Emergency Call is functional all the time.

Services that are available and active without runtime limitations, cannot be guaranteed for permanent usage due to potential future technical developments (of the Service availability and/or Smartphone compatibility/operating systems).
