

The new Picanto

Movement that inspires

Chill Out. Chill In.

EXTERIOR DESIGN

When life is all about living the moment, the place to be seen in is the new Kia Picanto. With its sporty compact design, comfy interior, smart ways to stay connected and advanced technologies to keep you safe, the new Kia Picanto is the car that loves to be seen, admired and wanted wherever it goes.

Awesome Is. Awesome Does.

EXTERIOR DESIGN X-LINE

The dynamic front bumper with integrated foglamps makes a true statement of intent, as does the sleek contoured radiator grille with its LED DRL. Likewise from behind, the new Kia Picanto X-Line leaves others wanting, with its stand-out rear bumper, integrated exhaust and impressive 16" alloy wheels. Whilst inside, you'll want for nothing with a sporty D-cut steering wheel giving you all the performance cues you need, an 8-inch floating navigation touch screen, luxurious seating and cabin finishes and a whole host of driver assistance features.

Comfort in style. Charisma in abundance.

Inside, the new Kia Picanto is cool, super compact but amazingly spacious. With modern design, premium materials, ergonomic seating, cutting edge technology and the latest safety and driver-assisted features, it's a real feast for all the senses. So go on. Get in, get comfy - and experience the delights and take it away.

INTERIOR DESIGN

New 8-inch floating touch screen navigation system

The classy infotainment system, with the 8" high-definition multimedia screen, keeps you fully and easily on track with navigation, real time updates and more, using On-Board Services and App Services - UVO app.

7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory-fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique programme ensures your navigation system is always up to date.

Smart connections. Clever Thinking.

The new Kia Picanto is stacked with smart ways to keep you in touch and connected 24/7 as well as endlessly entertained. What's more, you can stay fully informed with the innovative On-Board Services, which include Kia Live services such as Live Traffic, Live Parking and Live Weather as well as Smartphone App Services such as Remote Door Lock and Unlock. Who says you can't have it all?

CONVENIENCE AND COMFORT

New 4.2 inch colour Supervision digital cluster
The vivid colour LCD screen displays a whole range of essential vehicle status and trip data to keep you fully informed.

Wireless phone charger
Go wire free, with optional wireless charging for compatible smartphones. The charging pad is at the front of the centre console for easy access.

Always in the know. Always up to date.

Created exclusively by Kia, UVO CONNECT brings driving into the digital era in two distinct ways. Once activated, Kia Live makes use of the SIM card included in the infotainment system to retrieve and update live data for its services, so you have access to seamless information displayed directly on the navigation screen. And our new UVO app offers a range of data and information about your car through your Android or Apple smartphone. What's more, this exciting new technology has been developed to comply with the latest EU Data Protection Directive, ensuring the highest levels of data privacy, transparency and protection.

UVO CONNECT

UVO

Connect

UVO App

Designed for both Android™ and Apple smartphones, the UVO app offers complete peace of mind with a whole range of features dedicated to providing diagnostic data about the status of your car and the trips you take. The app can also activate a range of remote functions and features when you are away from the car.

Shown app screen may vary from final product

Kia Live Services

Live traffic information

The navigation system delivers highly accurate live traffic information from TomTom that is constantly updated, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Camera/danger zones*

Be alerted to a whole range of fixed and stationary speed cameras as well as restricted access zones. The system also alerts you to areas where accidents are particularly common.

Weather forecast

With an up to three-day forecast available, you can simply type in your destination to view a complete summary, including minimum and maximum temperatures, wind speed and chances of sun or rain.

On-board Services

Kia's **Online Navigation** system uses cloud-based servers to collect real-time and historical traffic information to predict the traffic ahead. That means that with Kia's Online Navigation you receive far more accurate navigation information and guidance instructions, and a much truer Estimated Time of Arrival (ETA).

The **Online Voice Recognition**, supported by server technologies, enables hands-free applications to use your voice commands to search for nearby Points of Interest (POIs), addresses or weather or simply to send text messages.

Points of interest

Looking for a place to eat, a local business or somewhere special to visit? All this information and more is easily accessible with the live, regularly updated POI directory.

Parking

Kia Live shows available parking locations before you arrive at your destination. It will show potential on-street parking and off-street parking, including locations, details, prices and availability.

Fuel info

When you're running low on fuel, the system will show you the nearest petrol stations and prices using an online database, so you can plan your refuelling stops accordingly.

Vehicle Information

Find my car

tells you the last known location of your vehicle - ideal if you are parked in a large car park.

Vehicle status

offers an overview of your car's status including battery charge level and ignition, and the status of the doors.

My trips

gives a summary of your previous journeys including average speed, distance driven and time in transit.

Notifications

Notifications can share **Diagnostic Notifications** with you about the current status of your car, supply you with a **Monthly Vehicle Report** giving an overview of your car usage. You also receive push-up notifications whenever your car alarm is triggered, if any open windows, boot or hood or any unlocked doors are detected, and also if you forget your engine on at gear P with an open door - to help you reduce CO₂ consumption and also to avoid asphyxiation.

Remote Services

Send to car

allows you to pre-plan and set your journey through the app for seamless use in the navigation system.

Last-mile navigation

to guide you right up to the door. Once you have parked your car, you can continue to use the navigation system remotely on your smartphone.

Door control

offers remote locking and opening of the car doors without a key or fob.

User profile transfer

lets you remotely check and change a whole range of vehicle settings - like sound and radio - on your smartphone. You can then store the changed settings in your UVO App, send them to your vehicle and apply them again with ease.

Valet parking

is perfect when you are using a parking service. When you activate it, you will be able to track your car's location, its distance driven and speed since you handed it over for parking, so you can ensure no one is taking it, or you for a ride.

Information and control service for your Kia; the services will be available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle, i.e. the point in time the initial purchase agreement becomes effective, and may be subject to change during that period. Details of operation and terms of use can be obtained from your Kia partner and on kia.com. Smartphone with iOS or Android operating system and mobile phone contract with data option necessary incurring additional cost.

Where? When? How? The answer is here.

Our new navigation system with Kia's Connected Services powered by TomTom Live Services takes reliable route guidance to the next level of accuracy and excellence. It keeps you in touch with the outside world and offers more handy information than ever. At the heart is a WiFi unit that enables the new Kia Picanto navigation system to connect to the Internet through your smartphone.*

CONNECTIVITY

android auto

Android Auto™ is designed to keep you perfectly connected to your phone - while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Picanto's display, so you can get directions, make a call and listen to music - all while staying focused on the road.

Live traffic** The navigation system delivers highly accurate live traffic information that is updated every two minutes, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Weather forecast Is your weekend away going to be sunny or a washout? Better check the weather forecast. Just type in your destination to view a four-day summary, complete with minimum and maximum temperatures, wind speed and chances of sun or rain.

Speed cameras** You'll also be alerted to a whole range of speed cameras, including fixed and stationary ones, as well as restricted access zones. The system can even take into account areas where accidents are particularly common, and warn you about these accident black spots.

Parking information To help you park your car swiftly, the system will indicate parking areas before you arrive at your destination. It will show potential on-street parking spaces based on historic data, and off-street parking with colour coded availability.

Local search If you're looking for a sushi restaurant, a supermarket or a particular place to meet, simply select Local Search. The database contains 500 searchable categories, 25,000 keywords and 250,000 locations to ensure you find what you need.

Fuel info When you're running low on fuel, the system will show you the nearest petrol stations and prices using a TomTom online database, so you can plan your refuelling stops accordingly.

More let's do it. More why not.

CONVENIENCE & COMFORT

When you're ready for anything, the new Kia Picanto is your best ever friend. With its roomy cabin, clever rear folding seats offering a generous 255 litres of standard luggage capacity, plus a jaw-dropping 1,010 litres of luggage capacity when the rear seats are folded down, you're all set for the everyday and any adventure you fancy.

60:40 split-folding rear seats
Take whatever you need with the flexibility of rear seats that split and fold 60:40 to accommodate people or cargo.

Double tray
Located below the temperature controls, the double tray is a great spot to store your shades, remote controls or audio devices.

Front cup holders
Dual cup holders at the front of the console keep your drinks close at hand - and if you prefer a more flexible space, the cup holders can be easily stowed-away at the touch of a button.

Neat size.
Surprising space.

CONVENIENCE & COMFORT

The new Kia Picanto has a load a space. Once inside, it is surprisingly spacious, with plenty of head, shoulder and legroom - even in the rear.

Efficient Engines. Effective Anywhere.

The new Kia Picanto offers two highly reliable Petrol engines that are designed to be highly efficient both in terms of performance and CO₂ emissions, so they are perfectly suited to meeting city regulations as well as exceeding your expectations on the open road.

Take your pick from the svelte and smooth running 1.0 litre DPI engine combining efficiency and power; or turbo charge your drive with the 1.0 litre TGDI gasoline turbo direct injection engine, for breathtaking all-round performance.

POWERTRAIN

Manual Transmission

The new Kia Picanto's 5-speed manual transmission is more than just a highly efficient gear shift. It has been specifically optimized to give a higher torque and a longer gear ratio, which means the 1.0 TGDI model not only offers a quicker acceleration and top speed, it also makes gear changing super smooth and much more responsive. The result is a more pleasurable driving experience for you and your passengers as you move seamlessly between gears, whether you're in the city or on the open road.

Automatic Transmission with Manual Mode (AMT)

AMT (automated manual transmission) is anew and easy way to drive, and works just like any other automatic transmission - except when you fancy a "hands-on gear changing" fun you can switch to manual mode. When you're in manual mode, there's no clutch to worry about, thanks to the simple shift mechanism. What's more, AMT comes with a creep function, allowing you to move slowly by releasing the brake pedal, very useful in city traffic. In its heart there is manual gearbox layout that is automated by an electric clutch, which turns it to an automated gearbox with important fuel efficiency improvements versus the previous automatic transmission.

Safety first. Safety All Ways.

The new Kia Picanto sets the standard for an extensive range of active safety features that come as standard to ensure that you always stay safe, alert, informed and forewarned. That means a whole host of assistance features for every aspect of your driving, from packed city streets, to tight parking spaces from staying in lane to avoiding the hazards of collisions.

SAFETY & ASSISTANCE

Reverse Parking Distance Warning (PDW)

Ideal for confident parking, PDW uses ultrasonic sensors mounted on the rear bumper to warn of any obstacles in front or behind, when manoeuvring into a parking space.

Rear-View Camera with dynamic guidelines

As you reverse into a parking spot, the waterproof rear camera will project an image onto the 8" floating display, along with dynamic guidelines to help you into place.

Forward Collision-Avoidance Assist (FCA)

Using radar data from your vehicle, the FCA system analyses information about preceding cars and pedestrians to avoid a potential collision with them. If it estimates a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

Advanced High-Strength Steel and hot-stamped steel (AHSS)

The new Kia Picanto uses more than 44% Advanced High Strength Steel (AHSS), as well as hot-stamped components in the core stress areas. This greatly improves average body tensile strength and rigidity enhancing cabin protection and improving dynamic performance.

44%

Advanced High-Strength Steel

67m

Advanced adhesives

Uncompromising protection. Complete Peace of mind.

SAFETY AND ASSISTANCE

The new Kia Picanto is serious about keeping you protected. With advanced active safety features and rigorous attention to detail, it's designed and built to safeguard you and your passengers at all times, so that you can enjoy each and every ride, safe in the knowledge that you are being looked after.

Hill-start Assist Control (HAC)

When at a standstill on an incline, HAC prevents you from rolling backwards. It gently applies the brakes from the time you lift your foot from the brake pedal, giving you a moment to switch your foot smoothly to the accelerator.

Electronic Stability Control (ESC)

ESC ensures optimal braking performance and directional control. It automatically delivers the right amount of braking force to each wheel, based on an evaluation of engine torque and driving conditions.

Front/side/curtain/knee airbags

To help protect occupants and potentially reduce injuries in the event of a collision, the new Picanto offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags, and an optional driver's knee airbag.

Body styling kit
 Make sure your new Picanto is as unique as you are. Now you can make an eye-catching style statement on the road. Add a host of striking design details and colour accents to each side of your Picanto's exterior with this accessories kit, which includes side skirts, a tailgate trim line and door mirror caps. Available in elegant silver, classic piano black and vibrant red. All these products are offered both as a kit and for individual purchase.

Accessorize this. Stylise that.

Make your new Kia Picanto a real catwalk standout, with a range of trendy and eye-catching styling accessories. From customisable options to express your true identity, to practical ways to protect your car, we have the perfect accessory for every season.

ACCESSORIES

LED footwell illumination
 Give your cabin the red carpet treatment with this premium touch that bathes the front footwell in exquisite ambient light whenever the doors are unlocked, fading out when the engine starts. Available in stylish red and classic white.

Entry guards
 First impressions always count. These aluminium entry guards give a flash of premium shine to welcome passengers to your Picanto. They are a custom fit and feature the Picanto logo.

All-weather mats, with colour accent
 Whatever adventure you've been on, don't worry about wet, muddy or sandy shoes when you get back in the car. These durable and easy-to-clean floor mats protect the whole of your cabin floor. With a customized shape, Picanto logo in two different colours, and fixing points to hold them firmly in place.

Trunk liner
 However wet, muddy or grimy things get, this custom-made liner will protect your trunk area. It is durable, anti-slip and waterproof with raised edges. The textured anti-slip surface helps prevent loads moving around. Branded with Picanto logo.

Custom Look. Perfect Fit.

The new Kia Picanto knows its stuff. After all, it's not who you know, it's what you show.

FEATURES

Audio system
Compact 3.0 audio system with RDS and DAB includes a flat, mono TFT-LCD screen. In addition to radio, it offers connectivity with portable devices through USB port.

Auto Temperature Control
Enjoy one-touch comfort with Auto Temperature Control. Just set your preferred temperature, and the automatic system will monitor and maintain it until you change or cancel the setting.

TPMS (Tyre Pressure Monitoring System)
TPMS alerts you when a tyre needs pressure adjustment, by displaying the information on the cluster screen.

Smart key with Button Start
The Smart Key remote lets you unlock or lock the doors without a key, and allows you to start the car simply by pushing a button.

MDPS with tilt steering wheel
Motor-Driven Power Steering simplifies turning, while a tilt steering column helps you get in and out.

USB port
Connect audio players and mobile devices via USB.

Segmented cluster LCD
Keep vital information front and centre with the segmented cluster, located between the instrument dials.

Auto light control
Set the stalk ring to Auto and the front and rear lights will turn on or off depending on lighting conditions.

Metal pedals
Racing-inspired alloy pedals add to the fun of driving. Raised rubber grips help ensure confident footwork.

Body-colour outside mirrors
Get a more luxurious look with body-coloured outside mirrors. Available heated, folding, and with side-marker repeaters.

Android Auto™/Apple CarPlay™
Bring the best of your smartphone devices in the car while driving. Every Picanto with 8" display supports Android Auto™ and Apple CarPlay™.

Sit back. In style.

Take your seats for true comfort that's endlessly chic to the eye and beautiful to the touch. From stunning cloth to stylish faux leather, you're bound to find the perfect seating to suit you and your passengers for years to come.

7 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

Our complimentary driveaway insurance, with up to 5 days of optional cover if required, will get you on the road right away and comes complete with one year's free Excess Return worth up to £250, protecting your excess whoever your insurer is. You can also upgrade to a great value, annual insurance policy. Our policies cover you for genuine Kia approved repairs, parts and labour, meaning you never have to compromise when keeping your Kia 100% Kia.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances of the accident, Kia Accident AfterCare can take care of things for you. We'll liaise with your insurer, provide a free courtesy car and exercise your right to genuine Kia parts and repairs at a Kia Approved Bodyshop.

*For full terms, conditions and exclusions please visit kia.com/uk
