(2) FWD models only, provides both heating & cooling, includes Delete Bulkhead Less Easy Clean Load Floor options. The cover for the rear HVAC unit is not supplied and neither is any ducting. Convertor will have to provide the cover and any ducting required

When specifying either AGM's or A550 - these options overide all other battery dependant options. E.g. Digital Tachograph would not pull an additional battery at an extra charge when either of these options are specified
